

Each holiday season, thousands of toys are donated throughout Los Angeles County to be distributed to the underprivileged children in our area. The vast majority of these toys are for children ages 9 and under. Our members generously donated items specifically for the 10 and older age range. These gifts, including gift cards to stores like Target, are welcomed by the preteen and teenagers in the foster care system that are too old for most toys.

The donations were brought to our December General meeting, and delivered to DCFS the following day for distribution.

In the true holiday spirit.....member Kathie Rossitto, noticing that the donation items were heavy on girly things, had Linda follow her to Target at 10:30 pm (after a full day of work, OC Board meeting, and a Fundraising event meeting) where Kathie purchased additional items for boys (basketballs, soccer balls), so they could be delivered with the other donations. THANK YOU Kathie!!!
